

Measles can very easily spread from person to person.

Call your doctor right away if you have:

a fever

+

a rash, and
red watery eyes

+

a cough, and
a runny nose

Protect yourself and others now!

Ask your doctor if you and your family need measles vaccinations.

Measles can very easily spread from person to person.

Tell staff, and put on a mask if you have:

a fever

+

a rash, and
red watery eyes

+

a cough, and
a runny nose

Protect yourself and others now!

Ask your doctor if you and your family need measles vaccinations.

PUT MEASLES ON THE SPOT.

Make sure you and your family
are fully vaccinated.

Measles is still a threat. Are you fully protected?
Check with your doctor whether you and your family
have had enough doses of MMR vaccine.
